

Every Child Deserves a Home

When families lose their homes, they shouldn't have to lose each other. Family Promise NNCC keeps families together when they experience homelessness and helps them quickly move into their own housing.

Our mission is to prevent and end homelessness for families by engaging volunteers, donors, and the faith community. **We envision** a community in which every family has a home, a livelihood, and the resources for lasting independence. **We believe** in working with our community to end family homelessness. Challenges faced by our community require a community solution.

**We help hundreds of families
secure permanent housing each year!**

Preventing & Ending Homelessness for Families

**We serve 45% of all families
experiencing homelessness in Delaware!**

Wilmington, DE 19808**

A Community Based Solution

Family homelessness is an issue

Families experiencing homelessness, account for 40% of all homeless in Delaware. 18 kids in Delaware become homeless each day. 1 in 30 kids will experience homelessness each year.

Gap in services

The majority of shelters in the state have stipulations on the populations they serve (men only, women and children only etc.) Resources exist for homeless individuals, less so for families.

We take any family

We're the only shelter in Delaware that has always provided shelter and services to families with children regardless of their size, make-up, or composition.

We partner with local congregations

We're partnered with 40+ local congregations to provide shelter for families experiencing homelessness. We're working with our neighbors to address family homelessness.

Diversified Programs

Hospitality Network

We partner with 40+ congregations that provide families with lodging, meals and hospitality in houses of worship.

Hospitality Center

The Center provides needed temporary shelter to families experiencing homelessness. Partner congregations provide meals and hospitality to families each night.

Pathway to Housing

A community based program that works with families in other situations of homelessness. Assistance and case management services are provided to quickly house families.

Pathway to Diversion

Families are diverted from shelter altogether within 7-14 days by utilizing social resources and providing families direct assistance to secure/maintain their permanent housing.

You Can Make A Difference!

Volunteer
